# The National City Bank & Trust Company JUDGMENT!

A financial institution cannot be judged by the volume of deposits alone or by its dividends to stockholders.

There are higher standards of service than these—the standards of service rendered in the development of the commenty-industrial, commercial, civic.

This bank undertakes to maintain its service to its customers and its community on the highest possible plane. It is becases of this that, eight years ago, it joined the FEDERAL RESERVE SYSTEM to make sure that its patrons enjoyed every protection and every facility; it is because of this that it maintains a capital and surplus of \$332,000.00 and that it provides every modern equipment.

The National City Bank & Trust Co. likes to be judged on the basis of its service to the community.
